

1. K-Love serves us in our rural community area. This is the only contemporary, Christian music station we have!!!
2. This is the only Christian, contemporary music station available in this rural community. If K-Love were displaced, we would not have an alternate programming from which to choose.
3. K-Love is (especially) a source of contemporary, Christian music that my teenagers like. As a parent, I listen to K-Love as well; but I know that it is the only Christian station for our youth in this area. Please Do Not delete this programming!!! As my son states, "That is all the Christian music I listen to ... tons of people listen to K-Love."
